Re: Water Right License 5763 (Application 15679, Permit 9950)
Petition for Change in Place, Purpose of Use, and Point of Diversion

Dear Ms. Mrowka:

I write on behalf of Millview County Water District, the assignee of Masonite Corporation for License 5763. The District is ready, eager and able to divert and put to immediate beneficial use the water under License 5763 as soon as the appropriate changes are authorized by the State Water Resources Control Board. The District is currently under a water hookup moratorium and urgently needs the water the license will provide.

As assignee of the license, the District proposes to serve as lead agency in preparing the necessary CEQA documentation to support consideration of the change petitions. We would like to meet with you at your earliest convenience to begin to scope that work and to put in place the Memorandum of Understanding that would allow the environmental investigation to proceed.

Please contact me at your earliest convenience to schedule a meeting. Thank you for your assistance.

Sincerely,

KRONICK, MOSKOVITZ, TIEDEMANN & GIRARD
